INTERVIEW SUMMARY

Sir:

The undersigned attorney of record for Applicant initiated a telephone interview with Examiner Brown on 6 January 2005. The Examiner allowed the interview to proceed immediately. The reference Pallokoff was discussed. An argument was presented that Pallokoff relates to demand aggregation, and does not include a process for provisioning a service on a service provider infrastructure, as claimed in the present application. No agreement was reached.

Respectfully submitted,

Dated: 15 Jan 05
